

First Announcement and Call for Papers

International Conference on Tourism & Environment

20th-21st May 2010
Firenze (Italy)

Organized by
Department of Statistics - University of Florence
& University of Castilla-La Mancha

The 3rd International Conference on Tourism and Environment is addressed to researchers, scholars, teachers of Universities, research institutions and bodies. It intends to represent a forum for the presentation and discussion of the main features of the tourism and environment sectors and their relationships. The Scientific and the Organizing Committees are pleased to welcome colleagues and friends to come along and encourage all of you to actively attend with papers and to enjoy our unrivalled atmosphere, culture, landscape, art, and food in the city of Florence, the cradle of the Renaissance.
