Study in English

As an international institution that receives worldwide students and has international accords with more than 700 international institutions and organizations, the University of Castilla-La Mancha is clearly committed with its internationalization. In order to keep and increase this process, the UCLM has been working sternly on an internationalization strategy that will permit it to improve and consolidate the UCLM's position at the international tertiary education stage.

The aforementioned internationalization strategy is composed of numerous lines and attributes such as the “Study Abroad Programme”, the Spanish courses for foreigners, the promotion of the UCLM's international initiatives, etc. Obviously, amongst these components there is the teaching in English language.

From the UCLM, we comprehend perfectly the importance that Education in English has for our international status and reputation. Whereupon, we have started to develop an ambitious program towards the organization and implementation of imparting knowledge in English. So far, we have been able to reach a vast range of subjects taught in English and we are still making a great effort to implement bilingual

bachelors and master's degrees and even bachelors and master's degrees that are exclusively taught in English. In addition, the UCLM is developing a catalogue of subjects of the official degrees assigned as “**English Friendly**”, with the intention to facilitate the international students the class materials in English language.

The “English Friendly” involve the voluntary commitment of the professorship to improve the monitoring of the classes by the international students. As well as, it promotes the internationalization for the Spanish students with supporting documents for the study of the UCLM subjects in English.

All mentioned include the possibility for the international students to perform progress test and examinations in addition to attend a tutoring in English, if they choose it.

In short, at the UCLM, international students will be capable of studying numerous disciplines of diverse fields of knowledge in English. Meanwhile from the University of Castilla-La Mancha, we will keep working untiringly to enlarge and ameliorate our educative proposal in English.

CAMPUS OF CUENCA

Together with Toledo, Cuenca is the most beautiful city in Castilla-La Mancha, also boasting the richest cultural and historic heritage. In 1996, UNESCO declared it the World Heritage City for several reasons. The first one, with no hesitation, is the fantastic conservation of the original urban setting and heritage by the city's authorities. Another powerful reason is its rich civil and religious architecture, which dates back from 12th to 18th century. Nevertheless, the most breath-taking element of Cuenca is the wonderful nature that surrounds the city, resulting in a wonderful nature-city mergence. In short, Cuenca is one of the most beautiful and unique cities in Spain. History, art, culture, urban and natural landscapes meet, in one single place, making Cuenca one of the most marvellous and captivating cities across the world.

As for university education, Cuenca hosts another UCLM Campus, which is located on the outskirts of the city and has approximately 3,900 students in accordance with 2015 statistics. On this campus, the student will have the chance to study several fields of expertise such as Education, Engineering or Social Sciences. However, the Campus of Cuenca's stronghold is the Faculty of Fine Arts.

As with Toledo, Cuenca joins the finest of two worlds. On the one hand, the traditional and historical sphere, with wonderful its heritage and architecture and on the other hand, the modern sphere with wonderful. With no hesitation, students will be delighted and astonished for all the beauty that Cuenca offers and represents.
